EXPERIENCE

Code And Theory, www.codeandtheory.com (2008–2010)

Interactive Designer

Designed websites, mobile applications and demos for global clients. Worked with a creative team that saw projects through from initial conception, to information architecture, design, and to final delivery and deployment.

Eveo Inc., www.eveo.com (2007–2008)

Flash Designer/Design Lead

Worked with award winning creative team to produce web and interactive presentations for medical and pharmaceutical clients.

Trinity Inc., www.trinity-inc.com (2005–present)

Freelance Graphic Designer

Worked with creative directors and marketing team to design new packaging for food and beverage clients as well as corporate identity design and brand strategy.

Element, www.elementseattle.com (2004–2007)

Designer

Worked as the in-house print and web designer for popular night club in Seattle, WA. Responsibilities included design of all promotional materials for online and print use.

Punch Drunk Productions, www.punch-drunk.com (2005–present)

Freelance Motion Graphics Artist

Designed logo animation and audio for a Seattle video production company. Worked with client to design animations and video pieces for commercial use as well as events.

Digital Anarchy, www.digitalanarchy.com (Summer 2004)

Video and Motion Graphics Intern

Helped prepare Adobe After Effects files for demos and tutorials. Assisted in beta testing and software debugging.
